## Up and running in Tallaght

At the beginning of this year, we celebrated the grand opening of our new facility in Tallaght, Dublin. Our facility boasts a fully equipped assembly line, a spacious parts warehouse, a proficient repair and maintenance workshop, as well as modern sales administration and training offices. Our primary objective is to deliver high-quality services and support to our valued customers across the Island of Ireland.

## Meet the team

Leading our sales team is Niall Brannigan, a seasoned industry specialist with 16 years of experience in access equipment. Aside from his expertise in this field, Niall is also a dedicated marathon runner. Should you have any inquiries or require assistance, feel free to reach out to Niall directly at:

☎ +353 85 8563034

✉ [niall.brannigan@versalift.ie](mailto:niall.brannigan@versalift.ie)

Neil Ashton, as the Head of After-sales, has been appointed to lead the National customer support team, which will oversee service and maintenance, OEM parts, and training for all products. In addition to this, Stephen Hogan, Paul Burke, and Ben Burke will be responsible for providing field-based technical service and support. Should you require assistance from the technical team, feel free to reach out to them at 0818 021 092.

## A wide portfolio of premium brands

At Versalift Ireland, we take pride in offering an extensive array of products, featuring industry-leading van-mounted platforms from both Versalift and France Elévateur. On the truck-mounted front, we present the top-of-the-line options with Ruthmann STEIGER® and ECOLINE. To add to the versatility, our BLUELIFT track-mounted spider lifts provide exceptional capabilities, completing what can only be described as the finest collection of premium access solutions available in Ireland. You are sure to find the perfect solution for your access needs among our exceptional range of products.

# PRODUCT NEWS

## The All-Electric Versalift VTL135 hits the road

We are excited to announce our newest product, the All-Electric VTL135, which received an overwhelming response at Vertikal Days in May. Our latest innovation features a 100% electric boom, mounted on the all-new electric Ford E-Transit, providing a remarkable working height of 13.5m and an impressive outreach of 8m.
