Press Release: For immediate release

Versalift Ireland Announces Arrival of First Set of France Elévateur Platforms

Versalift Ireland Limited is proud to announce the arrival of the first set of France Elévateur platforms, now ready for mounting at the Versalift Ireland site in Tallaght, Dublin. This strategic partnership represents a significant milestone in Versalift Ireland's commitment to providing top-of-the-line solutions to its customers, whilst helping customers to work safely and maximize productivity.

France Elévateur, a renowned name in the access industry, has a reputation for innovation and safety, making this collaboration a perfect fit for Versalift Ireland's mission to keep its customers safe and maximize productivity. Versalift Ireland has always prioritized the safety of its customers, and the addition of France Elévateur platforms further solidifies this commitment.

By establishing localised manufacturing of France Elévateur platforms, this partnership is poised to deliver tailor-made solutions that align with the unique requirements of the Irish market, solidifying our position as the only manufacturer of access platforms on the Island of Ireland. Additionally, with the dedicated local after-sales support provided by Versalift Ireland, customers can expect not only high-quality equipment but also prompt and efficient national support, which guarantees that customers' post-purchase needs are met with care and expertise.

Versalift Ireland Limited will take responsibility for sales, administration, and aftersales for France Elévateur products. Customers will benefit from expert support, from installation and training to ongoing maintenance and service. By directly managing warranty and liability matters for France Elévateur products, Versalift Ireland aims to streamline the customer experience, providing prompt and efficient solutions. This development not only reinforces Versalift's dedication to its customers but also underscores its position as a trusted partner for access solutions in the Irish market.

Versalift Ireland invites customers and industry professionals to explore the new range of France Elévateur platforms now available for mounting. For inquiries, demonstrations, or more information, please contact Versalift Ireland at sales@versalift.ie or call 0818 021 092.
